3. Only vehicles registered as passenger vehicles will be warrantied. Commercial vehicles of any kind will not be covered.
4. Vehicles over 3 months old are required to have a machine polishing carried out by an approved applicator prior to application. Newer vehicles may also require a machine polish if advised by the approved applicator.
5. In the event of damage / repair to the surface (i.e. accident repair) the vehicle must be taken to an approved applicator for retreatment to the repaired area, at the owner's expense, within 30 days.
6. Warranty is registered in the name of the vehicle owner and cannot be transferred.
7. Should a product reapplication be required (e.g. vehicle accident) you or your insurer are liable for a reapplication fee, determined by the approved applicator.

## AUTO WARRANTY TERMS

8. The vehicle exterior paintwork must be maintained and washed regularly, to Element 119's recommendations, to prevent contamination build up (bi-weekly). After washing insure that no water is left to dry on the coated surface, particularly within the first two (2) weeks after installation. In the event that your vehicle is exposed to high mineral-content water ("hard" or "soft" water) like that from some automated car washes, sprinkler systems or tap water in some areas, then all coated areas need to be dried as soon as possible with a microfiber cloth. Any water that is left to dry may form visible ringlets, which should be wiped off with vinegar until the mineral deposit is removed, as soon as possible.

9. Successful registration must have been completed with true and accurate data, and a confirmation number must be saved.

**Exclusions**

1. Where the owner has deemed to have been careless, negligent or failed to maintain the exterior painted surface in the correct manner.

2. Pre-existing damage to the painted surface or any other treated part of substandard specification, materials or workmanship by vehicle manufacturer, their dealership, third-party supplier or modifier, or professional detailers not authorized by Element 119.

3. Damage to the coated surface by incorrect manual wash techniques, automatic car washes, brushes or contaminated wash tools that may cause abrasion or damage caused by a third party not authorized by Element 119.

4. Swirl marks, marring, scratches, scuffs, scrapes, chips to the painted surface.

5. Water spots – Water spots are caused by hard water (mineral deposits), which when left to dry on the paint may leave a stain, water spotting is not covered.

6. Failed Clear Coat – Peeling, Hazing and Fading or any claim for matters which are covered by vehicle manufacturers' warranty.

7. Damage caused by collision, accidental damage, vandalism, malicious damage, fire, hail, flood, stones, collision, surface rust, rail dust, physical damage, paint overspray, water etch or vehicle manufacturer' defects, or defects which may be covered under a manufacturers or dealerships protection plan.

8. Areas that have not been retreated after a paint repair.

9. Any loss of time or use of the vehicle while it undergoes inspections or treatments.

10. Touch-less car washes only. Never use a car wash with brushes.

**Annual Inspections**

1. Annual Inspections must be carried out by an approved applicator, within 30 days before or after the anniversary date of the last service to maintain the warranty.

2. Failure to undertake an annual inspection within the required period will void the warranty.

## AUTO WARRANTY TERMS

3. A fee determined by the approved applicator will be charged for the Annual Inspection, which includes – Exterior Wash, Decontamination, Crystal or Topcoat, and Inspection.

4. Annual inspections must be recorded within 30 days on SystemX.com
